**Nine birds originally ringed at Wibdon Wharf in 2011 and 2013 were recorded abroad thereafter and subsequently re-sighted on the Lower Severn during 2014-16. Six of these were recorded at their nesting sites (four in the Netherlands, one in Germany and one in Sweden); one was seen at a migration site in Germany; and two were found dead in Finland. A further three birds originally ringed abroad (two at nest sites in Finland (May 1997) and Germany (June 2008), and one in August 1997 in the Netherlands) were recorded on the Lower Severn in 2014-16. Many of these birds are recorded frequently while they over-winter on the Severn estuary; one of the birds above was seen 68 times in the three-year period.**

**Page 66** – *fifth paragraph, second line 'Hempstead' should read 'Hempsted'*

**Page 67** – *fifth paragraph, final line 'Hempstead' should read 'Hempsted'*
